This document sets out the changes to the Statistical Press Release on Mortgages. These changes are as a result of an assessment of compliance with the Code of Practice for Official Statistics by the UK Statistics Authority. Further information on this assessment can be found at:

<http://www.statisticsauthority.gov.uk/assessment/assessment/assessment-reports/assessment-report-111---statistics-on-court-activity-in-northern-ireland.pdf>

The changes to the statistical press release are as follows:

- Bullet points have been inserted to outline the main differences in trends between the current and previous year's data.
- The data trend table for the number of writs and originating summonses relating to mortgages received has been updated with final year data for 2006 - 2010.
- The Glossary section of the report has been expanded to provide clarity in relation to writs and originating summonses and Orders.
- The Notes for Editors section of the report has been updated to include further information on data, validations, quality assurance and accessibility.
- A separate section has been provided for Further Information. This information was previously incorporated under Notes for Editors.

Please note that there are no changes to how the data in the bulletins have been recorded, validated and calculated from methods in previous bulletins. The additional information that is presented is aimed at clarifying the statistics that are captured in the bulletin
